

The Altadore Gymnastic Club is a non-profit organization that has been serving Calgarians for over 40 years. The club has produced two Olympians most recently Olympic Gold Medalist Kyle Shewfelt. We are seeking support from the local and greater community to help achieve our goal of maintaining excellence in gymnastics.

Annually we serve over 1500 athletes on a competitive and recreational basis. Weekly traffic includes approximately 800 athletes and their families in

our facility. We host a number of events throughout the year that bring athletes, parents and spectators from Calgary, Alberta, Canada and beyond. Our marquee events include Gymnathon, Rec Rock and the Ed Vincent Classic competition, each of which will draw over 500 people.

Our hosted events combined with the weekly traffic at AGC will provide our donors a wonderful way to brand their organization with the history and the future of gymnastics to the many people who come through the doors of Altadore.

Donation opportunities are available at a variety of levels. Funds donated help to showcase our excellent training facility, to maintain the excellence in programs, to purchase new equipment, replace old equipment and to invest in our coaches. We appreciate any type of donation that you and your company choose to offer. Below are the benefits of making a donation to the Altadore Gymnastic Club.

Board of Directors & Management  
Altadore Gymnastic Club
